Education

National Taiwan University of Science & Technology
Computer Science Department

Taipei, **Taiwan**
2024-2025

Universidad Politécnica Taiwan-Paraguay
Information Engineering Department

Asunción, **Paraguay**
2022-2023

Experience

Tera S.R.L.

Asunción, **Paraguay**

Junior Web Developer

Dec 2017 – Dec 2023

- Developed of a HR database structure.
- Developed of a project management web application.
- Updated the financial project management system of the Project Management Unit at REDIEX.
- Capacitation of company's personnel (**Increment of 20% of productivity**).
- Provided data support and updates for the ANR political party (**95% reduction in wait time per query**).

Projects

UPTPSYS

- Designed and developed an administrative system for universities using Laravel and PHP, intended for implementation at UPTP.

Tailent

- Engineered an AI agent powered by a large language model (LLM) to provide actionable insights into personal database data. Enabled users to query data, such as “How much did I sell last week?” or “What is the most sold product?” and receive precise responses based on stored information.

RESearcher

- Developed a Python-based content-focused file search application with a graphical user interface (GUI) that allows users to locate and execute files by searching for specific content segments.

Data Analysis

- *Sleep Quality Analysis*: Conducted data analysis to explore the impact of physical activity on sleep quality, identify the professions associated with higher stress levels, and determine the age ranges with prevalent sleep disorders.
- *NBA Team Performance*: Executed statistical analyses to identify the highest-scoring NBA teams, evaluate home versus away performance, and pinpoint teams with the most victories at home.
- *Nobel Prize Trends*: Analyzed data to evaluate the number of Nobel Prizes awarded by gender and country, and categorized winners by age and gender.

Deorum Website

- Created a template for an e-commerce website specializing in coffee products to practice web development skills, utilizing HTML, CSS, and JavaScript.

Skills & Interests

Technical

- | | | |
|--------------|-----------|-------------------|
| ▪ PHP | ▪ Laravel | ▪ Linux scripting |
| ▪ Python | ▪ HTML | ▪ JavaScript |
| ▪ PostgreSQL | ▪ CSS | ▪ C++ |

Soft skills

- | | | |
|---------------------------|-------------------|-----------------|
| ▪ Adaptability | ▪ Initiative | ▪ Teamwork |
| ▪ Out-of-the-Box Thinking | ▪ Problem Solving | ▪ Fast Learning |

Languages

- English - C1
- Spanish - Native

Interests

- | | | |
|--------------------|-------------|--------------------------|
| ▪ Machine Learning | ▪ Big Data | ▪ Web security |
| ▪ Data Science | ▪ IA Agents | ▪ Model Context Protocol |
